Profile

I am Wasif, a passionate learner building my skills in web development, design, and entrepreneurship. Currently working on Virtue Vision — a tech company focused on launching visions with virtue.

Skills

• HTML, CSS, JavaScript
• Git & GitHub
• React.js (learning)
• Node.js (upcoming)
• WordPress, Shopify (upcoming)

Education

• Matriculation (In Progress), Sahiwal Board
• SAP Course (Planned, Jan–June 2026)

Projects

• Portfolio Website
• JavaScript Mini Projects
• Virtue Vision (Startup Project, in development)

Future Goals

Currently pursuing full-stack development and aiming to specialize in AI, Cloud, and Blockchain in the future.
